RELAX THREE

Each cottage includes:

Durability of steel

Our steel construction has high-quality corrosion and damage protection.

Peace

We confidently offer a 10-year structural warranty on our cabins. The finish and equipment of the cabin are covered by a preferential warranty from individual manufacturers!

Experience

The entire structure is built by our own hands. Our welders are professionals who create houses, containers, halls, and custom steel designs.

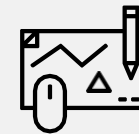

Top-quality materials

We use the best materials for production and finishing, e.g. FIBO and VILO tiles, RENNERS paints, VELUX doors/windows, high-quality durable facade wood.

Passion

Our work is our passion. Our houses are designed to provide good memories for you and your loved ones.

Timeless design

A beautiful and modern structure combined with a raw or natural finish will please the eye for years to come.

RELAX TWO

The interior of the sauna is spacious and comfortable. It is equipped with two-level benches that ensure comfort and ergonomics. The sauna is available with an external shower cabin or a closed vestibule. The Relax Two sauna is a compact sauna that will satisfy your need for high-quality relaxation.

The Relax Two sauna is a garden sauna that combines modernity and tradition. This sauna can accommodate the whole family and provide them with unforgettable moments spent together. The Relax Two sauna is made of the highest quality wood, which is not only durable and weather-resistant, but also creates a cozy and warm atmosphere.
